

Girls Scouts - Lonestar Council Program Center

Austin, Texas

The 23,000 sf Program Center serving 18 counties includes a Volunteer Training Center, Kitchen, Technology Center Classroom, Administrative Offices and Staff Space, Girl Scouts retail space, and storage facilities to support activities and cookie sales.

The mechanical design utilized gas heat / electric cooling rooftop units with supply and return air ductwork and grilles. The plumbing design consisted of sanitary waste, storm drain, gas piping and domestic cold and hot water piping. Plumbing fixtures were selected to meet ADA and TAS requirements. The electrical design includes lighting, power distribution, branch circuit wiring, and fire alarm systems.
